

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Parts - Providing products, solutions and services to increase the productivity and to ensure efficiency in commercial, residential and industrial environments, Ingersoll Rand is very proud provider of products which help enhance the security, health, safety and comfort of people all across the world.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient heating ventilation and air conditioning systems, contracting and building services, parts support and advanced controls utilized for both residential homes and commercial buildings.

The Industrial Technologies sector of Ingersoll Rand provides solutions and products so as to improve productivity, operations and energy efficiency for their customers. The range of products in their line include: pumps and tools, and material fluid handling systems to complete compressed air systems. They have even developed Club Car, the global leader in golf and utility vehicles intended for individuals and companies.

Well-known brands such as Schlage and Trane compromise the Residential Solutions business, delivering comfort, safety and efficiency to home owners all across North America. Several of their innovative quality products include mechanical and electronic locks, indoor air quality solutions, air conditioning and heating systems, remote home management, portable security systems and advanced controls.

The division comprising Security Technologies offers products which ensure secure, safe and productive environments. This division's market leading products comprise floor and door closers, portable security devices, exit devices, biometric and electronic access control systems, cabinet hardware, steel frames and locks and doors, decorative hardware and locksets. Schlage also has products that provide personal, time and attendance scheduling systems.
