

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement precision ever since the year 1959. The Lull telehandler can really help make the task faster and easier, whether the job involves landing loads on scaffoldings, transferring loads or positioning heavy steel. These units are complete with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. Different optional attachments is available for Lull telehandlers in order to help complete any task.
